A-1 aircraft, 465
A-3 Skywarrior aircraft, 83
A-4 Skyhawk aircraft: A-4B aircraft, 108; A-4C aircraft, 108–9, 119; A-4E aircraft, 108–9, 134, 145; A-4F aircraft, 119, 134, 145, 167; analogy to driving sports car, 112; back-up systems on, 112; bomb configuration on, 176; bombing computers on, 138; carrier role of, 112; electronic warfare gear on, 119, 134, 178; engine and power differences between variants, 108–9; engine disintegration and flight to Danang, 161–63; engine for, 369; as favorite and wonderful aircraft, 112, 158; as fleet squadron aircraft, 107–8; laser capabilities of VA-164 squadron, 173–75, 176–77, 529; McCain flying of in Vietnam, 608; MiGs, lack of engagements with, 167–68; nicknames for, 112; number downed during Vietnam War, 109; number of squadrons flying, 167; original purpose for, 112; replacement of with A-7s, 147–48, 150, 337; return to flying, opportunity for, 157–58; SIOP role, 59; slick wing load, 176–77; squeezing to get in to and shoehorn gift, 112; variants flown by VA-125, 108–9; Vietnam air war role of, 109, 154; weapons carried by, 109–10
A-6 Intruder aircraft: A-12 as replacement for, 465–66, 534, 598; A-7 capabilities and development of, 153–54; combat operations in, 182; Coral Sea soft catapult and loss of, 261–62; effectiveness of during Gulf War, 465–66, 511; flight in for Carrier Group Seven exercises with Omani Air Force, 322; Lehman as A-6 B/N, 336, 534; mining activities with, 83; as Spad of Gulf War, 533–34; survivability of, 533–34
A-7 Corsair aircraft: A-7A aircraft, 147, 148, 151; A-7B aircraft, 147, 148, 151; A-7E aircraft, 147, 148, 150, 152, 154; all-weather bomber, capabilities for, 147, 153–54; availability and maintenance issues with, 150–52; bomb-delivery instrumentation flight to Fallon in, 153; capabilities of and stretching boundaries of, 147; combat operations in, 154, 182; computer controls on, 148; cross-country trip in to see Calhoun, 678; effectiveness of during Gulf War, 465, 467; engines in, 151; inertial navigation system capabilities, 153; instructor pilot role, 153–55, 157; learning new aircraft and getting up to speed to be an instructor, 147–48; mining activities with, 83; night operations in, 154; opinion about, 148; power and speed of, 148; replacement of A-4s with, 147–48, 150, 337; similarities to F-8s, 154; Thanh Hoa Bridge attacks by, 176; weapons carried by, 148
Aberdeen Army depot, 378
Abherve, Victor "Uncle Vic," 26–27, 29
Abu Dhabi, 301
aces, 168
AD aircraft, 53
Adair, Paul N. "Red," 466
Adams, Jimmie V., 708–9, 710, 715
Admiral Arleigh Burke Leadership Award, vi
Adriatic operations, 689–90
Aegis antiaircraft defense system, 439–40, 559–60, 615
Aegis cruiser business in New Jersey, 716
aerial minesweeping, 500–501
Aerial Observation Squadron (VO-67), 88–89
aeronautical engineering: career expectations with degree in, 69; career in Navy as right
decision instead of a career as an engineer, 69–70, 721–22; interest in degree in,
33–34, 69, 720–21; Naval Postgraduate School degree in, vi, 34; as sub-specialty,
71
Affirmative Action Plan, 666–67
Afghanistan, Soviet invasion of and Indian Ocean operations, 280–81
African Americans/blacks: Affirmative Action Plan and goals for percentages of, 666–67;
bicycle rides through black community in Philadelphia, 18–19, 329; in
Jackson, 15–16; notable officers and enlisted sailors, 668–71; in Philadelphia, 18–
19, 329; sense of family in black community, 18–19; Zumwalt and changes in
status of, 198
AFSs (stores ships), 223, 224–25. See also San Jose (AFS-7)
AGM-45 Shrike missiles, 118–19, 140
Air America, 180
air component commander to own all the air, 341–44, 411–16, 600
Air Force Materiel Command, 390–91, 392–93
Air Force Reserve, Joint Base Dallas Forth Worth, 676
Air Force Systems Command, 370–71
Air Force, U.S., 390–93; air component commander to own all the air, 341–44, 411–16,
600; air conditioning and power for tents and canteen, 288–89; aircraft
maintenance through, decisions about, 361–62, 673; aircraft shot down by
Chinese MiGs, 97; air-launch cruise missiles during Gulf War, effectiveness of,
453; ammo prepositioning for, 691–92; ammo ships for, 382; B-2 program and
hiding MilCon, 371–73; blue jackets worn by, 680; bombs and weapons for, 382–
83; bombs for Gulf War, 483–84; Cairo West airport, prepositioned equipment,
and preparations for operations, 288–89; Christmas tree suit worn to reception in
Pentagon, 684–85; control of air by, 439–41, 673; credit for Gulf War and
underappreciation of naval aviators, 518–19; Eldorado Canyon operation and
strikes against Qaddafi, 384; executive jets of, 558; exercise participation and
rank of officers at, 286–89; field uniforms for exercises, 286; Gulf War
operations, 405–9; Gulf War victory and air power, 438–41; hunter-killer concept,
90; influence on A-12 program, 598–99; JASSM use by, 462–63; language and
organizational differences between services, 525–29; laser-guided bombing by,
149–50, 174, 529; Lear jets for CAFMS delivery, 413; little staff and air
component commander decision timing, 343; morale during Gulf War, 489;
precision guided munitions use by, 351, 511; radar and vectors for range
information for targets, 90; radar capabilities of, 122–24; RDJTF representative
from, 277; recruiting commands, combined, 362; route packages assignments,
128; 7th Air Force commander, retirement of, 164; sorties counts during Gulf
War, 409–10; Strategic Air Command base in Orlando, 674; tanking operations,
responsibility for, 410–11, 484, 599–601; tanking operations, types of fuel, and fuel transfer equipment, 410–11, 484, 600–601; targets of opportunity, ability to go after, 415–16; Thanh Hoa Bridge attacks by, 176; V-22 use by, 368, 370, 557–58; VA-55 operations with, 122–24, 133–34; VA-164 operations with, 160–61, 173–74

air medals: order for and mixup with cots, 483; strike flight air medals, 173

air show south of Cairo, 289

air tasking order (ATO): during Gulf War, 411–16, 451, 458–59, 480, 493–94, 496–97, 546; precursor to, 123; 72-hour planning cycle, 451, 496–97; special instructions (SPINs), 413–14; 24-hour planning cycle, 414, 451

air wing commanders, 63, 64, 348–49

air wings: Air Wing 14, 255–58; Air Wing 16, 145, 200; Air Wing 21, 159, 322–23; Marine Air Wing, 1st, 563; number of and reducing the number of, 688

airborne warning and control system (AWACS), 415, 439–41, 510–11

aircraft: attention to normal things and staying alive while flying, 136; dust, heat, and maintenance of equipment during Gulf War, 488; first flight in, 40–41; fuel, making sure you have enough, 110–11, 136; getting more people out of the equation, 535–36; green ships, adaptation of, 338–39, 650, 723–24; Gulf War aircraft, effectiveness of, 465–67, 511; jets compared to prop, difference in flying, 76; Lehman ideas for naval aviation aircraft, 347; maintenance facilities for, decisions about keeping, 361–63, 673; maintenance of, perspective on, 242; model airplanes, building of, 25; multi-engine aircraft, assignment to, 47–48; pilot as backup system in, 463; piston-powered aircraft, controlling power on, 76–77; single-engine aircraft, interest in flying, 47–48, 53, 105; spares for WWII aircraft, discussions about, 363, 609; speed is life/speed is not necessarily life and evolution of, 468–69; support for development while VCNO, 533–36; tilt-wing versus tilt-rotor aircraft, decisions about, 102–3

aircraft carrier model and airplanes, 25

aircraft carriers: afterburners and fuel management around, 264; air component commander control over carrier aviation, 342, 600; anti–big deck carrier movement, 687; big deck carriers, opinions about, 214–15, 615, 687–89; big deck guys, always away from, 182; bolters, 61–62; carrier bounce training, 677; carrier landings and carrier qualification during flight training, 55, 173, 247, 616–17; configuration changes by Holloway, 213–14; CVS assignment and experience on, 105; deck configurations on, 56, 60, 61–62; effectiveness of during Gulf War, 469–71; fuel tank leaks on, 116–17; hydraulic catapults on, 115; launch times and cycles, 170–71, 175, 213–14; nuclear carriers, support for and benefits of, 214–15; number of for Gulf War, questioning about, 472–73; professional and operational successes, restrictions, frustrations, and failures related to operations on, iii; qualification and workup flights for, 121; ramp strikes, 136–37; S-2 assignment and happiness in getting to fly off of, 53; small deck carriers, 687–89; small-deck and big-deck carriers, mix of in fleet, 214–15; steam catapults on, 115; technologies for, 614–15; transformation carrier, design and building of, 613–15

aircraft on carriers: accident rate for launches and landings, 60, 62, 76–77; aircraft in water and shifting rudder to kick stern away from aircraft, 257; airspeed and sink rate for landings, 76–77; flashlights on cowl and catapult launches, 61; flying into
the water, 62; hydraulic leaks and red-lens flashlights, 61; landing of in rough seas, 62; number of aircraft on carriers, 688; pre-flight, flashlights, and night vision, 61; range of and long-range strike capabilities, 598–99
aircraft-profile cards, 25
airfield, cratering runways of, 165
Airlift Command, 682. See also Transportation Command (TransCom)
airsickness, 41, 42
air-to-surface missiles and Iron Hand anti–SAM operations, 119, 122, 130
Aitcheson, George A., 246, 307–8
Alabama Lockheed Martin facility, 719
Alameda: Carrier Group Seven basing at, 307; carriers home porting in, end of, 377; Coral Sea adoption by, 250; Coral Sea home porting at, 246; demonstrations outside gate at, 227, 327; feelings about, 250; moving people, pets, and vehicles to on Coral Sea, 248–50; repair facility in, 361, 362, 377, 674; San Jose home porting at, 221, 226, 227, 246, 250; schools at, 227
Alaska: airplane crash in, 590; inland waterway passage to Anchorage, plan for, 231; Soviet submarine alert and Gulf of Alaska operations, 62; tidal range in Anchorage, 224; UnRep gear and procedures testing in, 223–24, 231
alcohol and drinking: aviators as alcoholics, 647; beer days and trading Budweiser for Foster's, 445; beer delivery from Japanese pilot, 68; drinking restrictions during Gulf War, 485–86; glamorization of alcohol, 647; happy hours, 646–48; Middle East trip and drinking with the Russians, 193; Middle East trip and restrictions on, 193; Naval Academy guys compared to NROTC guys, 43–44; Navy culture and, 645–48; parachute bag and broken whisky bottle incident, 306; self-reporting of traffic stops after drinking, 645–46; steel beach party and beer for sailors after 45 straight days at sea, 315–16
algebra, 239–40, 354–55
Alliant Techsystems Inc. (ATK), 717
alpha strikes, 122, 135, 166, 167–68, 182
